Logging Into Your Author Center

Each journal's Manuscript Central site has a unique Web address (URL). Typically, you are given that address in an email sent by the journal. If the address is [hyperlinked](#), simply click the link within the email, or you can enter the web address in the address field of your browser and press the Enter key on your keyboard. The journal's Log In page opens.

The screenshot displays the ScholarOne Manuscript Central login interface. At the top, the page title is "ScholarOne Training Journal Workflow 1" and the logo for "scholarONE Manuscript Central" is visible. A navigation bar includes links for "Log In", "Create Account", and "Get Help Now". Below the header, a "Login" section states "Site under configuration." and provides a welcome message for the Training manuscript submission site. The main "Log In" area contains a "Log in here if you are already a registered user." prompt, followed by input fields for "User ID:" and "Password:" with a "Log In" button. Below this is a "Password Help" section with an "E-Mail Address:" field and a "Go" button. To the right, a "New User?" section offers a "Register here" link, and a "Resources" section lists links for "Instructions & Forms", "User Tutorials", "System Requirements", and "Home Page". The footer contains copyright information for Manuscript Central v4.01 and links to "Terms and Conditions of Use" and "ScholarOne Privacy Policy".

Access to the journal site may be provided in one of two ways:

1. The journal may create your account for you and email you with instructions on how to log in and set your User ID and password.
2. Some journals allow their users to create their own accounts. If yours does, you will see a **Create Account** link in the top right corner of the page. Follow the step-by-step instructions for creating your account.

To keep your account information current, use the **Edit Account** link in the upper right corner (Create Account changes to Edit Account after your account is created). You can also change your User ID and password here.

NOTES:

Please retain your new password information. Manuscript Central will not send your password via email.

You can log out of Manuscript Central at any time by clicking **Log Out** at the top right corner of the page you are on. You will be returned to the Log In page.

Forgot Your Password?

For security reasons, Manuscript Central will not email you your current password. Instead, by entering your email address in the Password Help field and clicking  Go, the system will send you an email containing instructions for resetting your password.

NOTE:

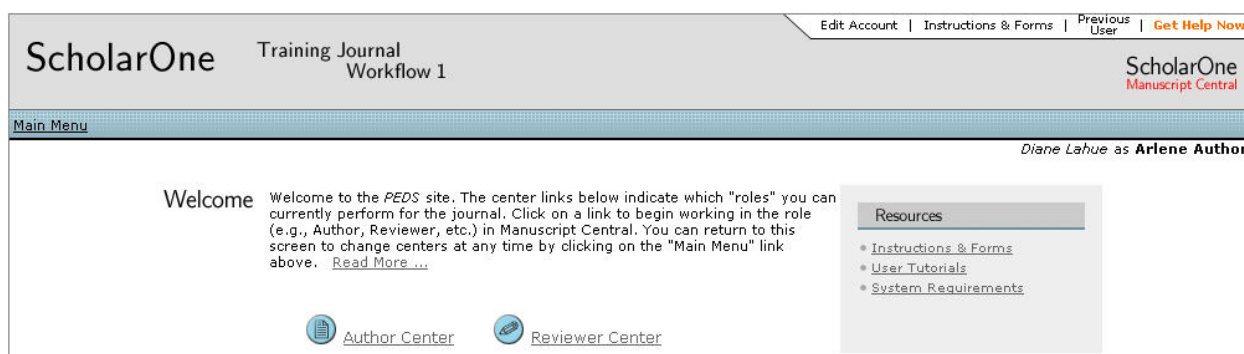

Please retain your new password information. Manuscript Central will not send your password via email.
